

*****News Release*****

Burnett Dairy Cooperative is please to expand its scholarship program. The board of directors has agreed to add two additional scholarships. Besides the traditional High School Senior Scholarship the Cooperative has added a College Students in Agriculture and Production Agriculture Scholarship.

The College Student scholarship may be offered to those with a declared Agricultural Major going into their Junior or Senior year. According to Dan Strabel Board President “this is an excellent way to support our youth and Ag community.”

The board is also giving scholarships to those in Production Agriculture that are gaining further education. This program will help pay for the cost of the production agriculture courses to increase farmers’ skills to make profitable farming operations. Strabel states “This program will help keep our community strong by have the local guys have the educational to continue doing a great job, not just in good times but when things get tough.”

Dan Strabel went on to say “We want the Burnett area to be a strong rural community well into the future. By assisting with the cost of education we can help make the goal happen.”

Information about the scholarships are available on the company’s web site under “For Patron” or you can call 689-2468 extension 2002 and ask for an application.
